

The Impact of a Wish: Wishes are more than nice things. A wish come true empowers children with life-threatening medical conditions to fight harder against their illness. The experience improves the quality of life for the child and their entire family and provides joy-filled memories that last a lifetime. Wishes helps change the story – a child moves from being “the sick kid” to being the kid who got to experience an incredible event, such as meeting their favorite sports team, swimming with dolphins, or going sky-diving. Want to know the full impact of a wish? Look closely at the children you see in this calendar. Their smiles say it all.

Our sincere thanks to those who generously shared their professional & creative gifts to make this beautiful calendar a reality:

Dunkin' Donuts and its Central New York franchisees are proud to sponsor the 2016 Make-A-Wish® Central New York calendar. We've partnered with Make-A-Wish® Central New York for several years and continue to be amazed by its impact on local Wish Kids and their families.

In partnership with our guests, Dunkin' Donuts and its Central New York franchisees have contributed more than \$200,000 to Make-A-Wish® Central New York since 2010. During that time, we've supported nearly two dozen wishes through fundraising campaigns including the Make-A-Wish® Star Donut program beginning on World Wish Day, and the Spare Change initiative, in which guests drop their spare change in canisters at our registers.

These campaigns have afforded us the opportunity to meet some of the most inspirational people in Central New York – the amazing Wish Kids and their families. Our relationship with Make-A-Wish® Central New York has allowed us to see the smiles, share the tears, and truly come to understand the power of a wish.

We've been equally impressed by the work of Make-A-Wish® Central New York staff and volunteers. They continue to amaze us with the compassion, generosity and creativity they display every day in pursuit of making wishes come true. Without their hard work and dedication, the stories and photos featured in this calendar wouldn't be possible.

At Dunkin' Donuts, good service is fundamental to our business – service to our guests and service to our community. We're honored to continue our partnership with Make-A-Wish® Central New York and look forward to making many more wishes come true.

After hearing stories about Hawaii, Nate just had to go see it for himself. With family roots in Pearl Harbor, where his great grandfather and grandparents were stationed, and his desire to see the “cool volcanoes” and awesome snorkeling opportunities, the island of Oahu in Hawaii was the best place for Nate’s one true wish to come true. Nate got to see everything he wanted and more on kayaking, outdoor, and sport fishing trips, in addition to free days to see everything else he had his heart set on! Nate’s father, Richard, said the trip was an incredible experience. “We had a great time as a family,” he said. According to his dad, Nate enjoyed seeing the manta rays at night and swimming with dolphins.
